

Elementary Continued...

Session 7 (7/22) Beads & Strings

All the possibilities with beads and strings! Campers will have a chance to explore and create some beautiful projects using various sorts of beads and strings. There will be a trip to *All About Beads* where campers will learn to plan and create a necklace of choice.

Session 8 (7/29) Junior Engineers

Campers will learn the basics of engineering and architecture by using different materials to plan and build creations. Bay's STEM teacher will lead the campers through fun and safe engineering activities.

Session 9 (8/5) Healthy Cooking

Cooking is an exciting and fun way for campers to utilize their math, science and language skills towards becoming more independent. During this week campers will gain knowledge on the values of nutrition and will have a chance to choose yummy recipes to follow, prepare and enjoy!

Session 10 (8/12) LEGO Challenge

Playing with LEGOs promotes math, engineering and creativity. During this week campers will explore various building challenges using a variety of LEGOs. They will read and follow diagrams to build LEGO creations as well as learn to plan and construct their own creations.

Session 11 (8/19) Recycled Crafts

Let's put all those recyclable materials to use by creating decorative as well as functional crafts! Campers will explore the possibilities of everyday materials beyond their intended use. They will learn about sustainable resources and gain a sense of pride in being eco-friendly!

Sessions and Pricing:

Per Child	Weekly Session Rate
2 year olds	\$165.00
3 - 5 year olds	\$165.00
Elementary	\$190.00
2s Swim Lessons	\$100.00 (for 4 weeks)

All 2–5 yr old camps are 9am – 12pm. Elementary Camps are 9am – 3pm.

	2-5 year olds	Elementary
6:45-9am	\$50.00	\$45.00
12-3pm	\$60.00	X
12-5:30pm	\$95.00	X
3-5:30pm	X	\$45.00

Any family with 2 children enrolled for 3 or more camps will receive \$10 off each child's camp session.

General Session Information:

All campers ages 3 and up will have free swim throughout sessions 5-11 along with their themed camp. We will offer swim lessons for 2 year olds for an additional fee.

Bay Montessori Summer Camp 2019

Exciting things are happening at Bay this summer! Come and explore our 13 acre campus during our themed, Montessori based camp sessions. We will be offering 11 weeks of themed camps combined with swim lessons and free swim. Each session will focus on different interests. We will take our learning beyond the classroom and apply it first hand to the world around us.

Montessori Themed Camp for ages 3-5

Session 1-4 (weeks 6/10-7/1) Swim Lessons

Bay is fortunate to have a swimming pool on campus! Staffed with a certified lifeguard, campers will receive swim lessons, gain confidence in the pool and learn skills they can use throughout the summer. When the children aren't swimming, they will explore our campus and participate in organized activities.

(No camp on July 4 & 5, weekly fee is reduced)

Session 5 (7/8) Music & Movement

Campers will be led through coordinated movement, stretching, and dance. Free dance will also be explored. Songs and instruments will draw upon the child's love of rhythm. Patricia Blanchard, local musician and piano teacher, will visit the camp for two days with musical activities.

Session 6 (7/15) Fun & Games

Ready, set, play! During this week campers will explore a variety of group games out in the field as well as in the classroom. Games such as *Duck-Duck-Goose*, *Musical Chairs*, *Freeze Dance*, *Relay Races*, *Parachute*, simple board games and more provide a fun way for young campers to build skills in working together as a team and following directions.

Session 7 (7/22) The Joy of Cooking

Cooking is an exciting and pleasant sensory experience for children. It provides avenues for the development of math concepts, language, science and cultural subjects. Campers will cook tasty treats using hands-on learning during this camp!

Session 8 (7/29) Structures & Experiments

Campers will gain understanding of scientific and physical laws through experimentation and exploration. Campers will spend time outside with hands-on activities, learn the basics of building strong structures

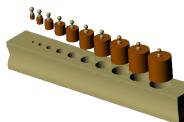

and will observe teacher demonstrations of physical science experiments.

Session 9 (8/5) Arts & Crafts

Let's get messy! Campers will have a chance to work with a variety of art materials to create crafts. They will glue, cut, sculpt and learn about color mixing using different tools and paint on a variety of mediums. This camp will conclude with an art show!

Session 10&11 (8/12-8/23) Montessori Camp

Campers will work with the Montessori materials in the 3 - 5 year old classroom. A trained Montessori teacher will present lessons and guide the campers as they explore all areas of the Montessori environment.

Montessori Themed Camp for Two Year Olds

The Two Year Old program will be Montessori year-round. Students can attend one or all weeks. Current students are given priority. Swim lessons are optional for an additional fee.

Montessori Themed Camp For Elementary

Session 1 (6/10) Athletic Games/Swim Lessons

Campers will have the chance to be active in many games as they challenge and develop their creative, intellectual and kinesthetic abilities. They will use various types of sports equipment and participate in fun races as well as team games.

Session 2 (6/17) Woodworking/Swim Lessons

A variety of basic woodworking tools will be presented to the campers with lessons on safe and proper handling. Campers will be able to create several small wooden projects during this week.

Session 3 (6/24) Drama/Swim Lessons

Campers will go on a creative journey as they express themselves using a variety of visual and performing art forms! A local drama teacher from Pretend Power will lead the campers through adventures and activities.

Session 4 (7/1) Science & Exploration/ Swim Lessons

Campers will explore the laws of science through experimentation and exploration. Bay's STEM teacher will lead the children through fun and safe science activities.

Sessions 1-4 (weeks of 6/10-7/1) include daily small group swim lessons as well as free swim times. (There is no camp on 7/4 & 7/5 but the weekly fee is reduced)

Session 5 (7/8) Movin' To The Music

Campers will make music through interactive activities in a fun and creative environment. They will participate in dance and movement games while experimenting with a variety of musical instruments. Patricia Blanchard, local musician and piano teacher, will visit the camp for two days with musical activities.

Session 6 (7/15) Outdoor Adventures

It's time to dig deep and explore the outdoors! During this week campers will learn about plants, insects, water creatures and animals as they take time to explore the meadow and surrounding woods as well as a nearby nature trail and beach! There will be an overnight campout in the meadow on Thursday.
